

Restore the Brown Bag Program!

The Governor Recently used the
line-item veto to eliminate this
Crucial Anti-Hunger Program

Don't Let the Governor's Veto Stand!

The Program has everything that is best about government:
It takes a small state investment, adds it to the hard work of
seniors taking care of each other, taps into the community
for support and produces a great benefit.

THE PROGRAM

27,330 low income seniors receive bags regularly.

675,000 bags of food are estimated to be
distributed annually.

Recipients are often women receiving SSI/SSP who are
ineligible for food stamps, so they must go to free
food programs to get enough food to eat.

THE LOSS

\$21 million in food and services for seniors - every
dollar the state invests leverages \$40 from the local
community in food and services provided to seniors.

Eliminates one of the last pieces of the safety net for
our most vulnerable seniors.

Cuts seniors from connections to their
community and access to additional services.

**Please restore a vital and
successful program!**
